

## ST. CHARLES BORROMEEO CATHOLIC SCHOOL

### **Walkers and Bicycle Riders**

*Before walkers and bicycle riders are escorted across Edgewater Road after dismissal, parents must sign the Release of Liability below stating that they wish for the school to deviate from the normal afterschool procedures. These procedures require that students remain on campus until their parent or guardian arrives on campus to pick them up.*

By my signature below, I release, waive, and forever discharge St. Charles Borromeo Catholic School (SCBCS) and the Diocese of Orlando from any and all liability arising from any harm that occurs to my child, or the child for whom I am guardian (“my child”), after being escorted off the campus at St. Charles.

I acknowledge and understand that the normal after-school policy at SCBCS is for students to remain on campus until a parent or guardian arrives on campus to pick them up. I specifically request that SCBCS escort my student off campus after school, in contradiction to its normal policy. I acknowledge and understand that my child will not be supervised by an adult after being escorted off-campus. I also acknowledge and understand that the area off-campus may not be safe for an unsupervised child and that SCBCS will not be responsible for my student after being escorted off-campus.
