# Dolch Words Taught in Superkids

---

In Superkids, children should be able to read 66 Dolch words by the end of kindergarten. They should be able to read and spell all 220 Dolch words by the end of first grade. Some Dolch words, such as the, said, and of, are phonetically irregular. These words are taught as Memory

Words that children must memorize how to read

and spell. Other Dolch words, such as fast, tell, and cut, are phonetically regular, and children can decode and encode these words once they learn the letter-sounds the words contain. This list identifies when each Dolch word is taught in the Superkids instruction.

**Memory Words are listed in red.**
